Mr. Prentice, the druggist advised Dr. Miles' Nervine. I got a bottle and began giving a tenspoonful every two hours. After about ten days she began to quiet down, and within two weeks' time she could sit up in bed, and rapidly improved from that time. We have given her about twenty-five bottles of Nervine along with the Nerve and Liver Pills, and to-day she is well and healthy as ever. My wife and I were completely worn out; staying up nights with our little one during her sickness, so we began taking the Nervine ourselves, and with the very best of resudta."
